

# CHAPTER 4 COMPLIANCE REQUIREMENTS, WASTE PREVENTION & MINIMIZATION STRATEGIES

---

The products and processes described in this chapter are arranged alphabetically, and include the following:

## PRODUCTS / WASTES

Aerosol Containers.....	47
Antifreeze .....	49
Batteries (Lead Acid) .....	55
Brake & Clutch Repair.....	59
Catalytic Converters (and Emission Control Devices).....	65
Fluorescent Light Tubes & High Intensity Discharge Lamps .....	69
Fuel & Fuel Filters .....	73
Metal Parts.....	75
Oil.....	77
Oil Filters.....	85
Refrigerants/Motor Vehicle Air Conditioning (MVAC) Service.....	89
Solvents - Introduction .....	95
Aqueous-Based.....	97
Petroleum-Based .....	101
Sorbents.....	105
Tires.....	109
Wastewater From Service Bay Drains .....	111
Wipes .....	117

## SHOP WORK AREA & EQUIPMENT

General Work Area .....	121
Machinery and Tool Requirements .....	123
Grinding (Abrasive Wheel Machinery).....	125
Tow Trucks and Other Shop Vehicles .....	129
Welding, Cutting & Brazing/Oxygen & Acetylene Tanks.....	133
